Multiple Tenure-Track or Tenured Positions in Neuroscience Research Institute, Peking University, Beijing, China.

Neuroscience Research Institute, Peking University, invites applications for multiple tenure-track or tenured positions at Assistant, Associate or Full Professor level. We are seeking outstanding individuals in the fields of Neuroscience/Neurobiology, preferred in biomedicine background. Candidates from all fields of neuroscience will be considered.

We are particularly interested in the following areas:

1. **Pain and analgesia.** Applicants with wide range from molecular to behavioral background are welcome, especially strong background in learning and memory, molecular biology, electrophysiology and multichannel recording techniques, neural circuits and neural network are encouraged.
2. **Substance Abuse.** Priority is given to applicants who have experience in the study of substance abuse including neural circuits and synaptic plasticity changes following addictive memory and impulsive decision induced by substance abuse.
3. **Brain diseases associated with development and aging:** including but not limited to neurodegeneration, autism spectrum disorder.

Outstanding applicants should have a demonstrated track record of strong publication, and will be expected to build an innovative and productive research program. Competitive start-up package will be offered, and the individual will be eligible for appointment with IDG/McGovern Institute for Brain Research at PKU and Center for Life Sciences.

Please send your application materials including a cover letter, a CV, a brief summary of research accomplishments and a description of your future research plan in a single PDF file to the contact person. You should also arrange at least two letters of recommendation to be sent.

Positions remain open until filled.

Neuroscience Research Institute, Peking University, 38 Xueyuan Road, Haidian District, Beijing 100191, PR China.

北京大学神经科学研究所/基础医学院神经生物学系 教学科研岗位招聘启事

因工作需要，现面向海内外公开招聘教研系列教授、预聘制（tenure-track）副教授、助理教授若干名。具体要求如下：

一、招聘条件

1. 身体健康，具有良好的职业道德与敬业精神；
2. 具有神经科学/神经生物背景，医学背景者优先；
3. 研究方向（但不限于）：

(1) 药物成瘾与物质滥用机制研究。

(2) 疼痛与镇痛机制研究。

(3) 神经系统重大疾病，尤其是退行性疾病与孤独症机制研究。

4. 待遇：按北京大学教学科研职位分系列管理规定执行，薪酬福利由基本年薪、单位津贴和福利待遇构成，具体可登录 <http://hr.pku.edu.cn/document/20160701174359373147.pdf> 查询。学校给予科研启动经费，可以招收研究生、博士后等。

优秀的应聘者可申请北京大学麦戈文研究院、北京大学-清华大学联合生命中心职位并得到相应的工资与经费支持，申请到国家千人计划、青年千人计划等，按照国家政策执行。

二、申请资料

1. 个人简历及自我陈述

个人简历请包括自大学开始至今的学习与工作经历，教学与科研工作业绩、获奖等。科研工作请列明科研项目、科研论文（可附全文 PDF 版、论文被引用情况）、著作等有关内容。

自我陈述中请包括未来工作计划。

2. 至少两封推荐信（请包含推荐人的联系方式）。

三、招聘程序

常年招聘，招满为止。

有意应聘者请联系：

廖老师，北京市海淀区学院路 38 号北京大学神经科学研究所办公室，邮编 100191，电子邮箱 gnri@bjmu.edu.cn，电话 010-82801151。
